

## Doctor Luke J. Shingles

### Email

l.shingles@qub.ac.uk

### Citizenship

Australian and Irish

### Languages

English (native), Mandarin Chinese (basic)

### Address

Astrophysics Research Centre,  
School of Mathematics and Physics,  
Queen's University Belfast  
Belfast, Co. Antrim, BT7 1NN  
Northern Ireland, United Kingdom

### Research interests

Scientific computing, radiative transfer, supernovae, nucleosynthesis, stellar evolution, chemical evolution

### Programming language/API experience

C, Fortran, Python, MPI, OpenMP

### Education and employment

*Postdoctoral Research Fellow*, Queen's University Belfast, 2015–2017

Working in the research group of Stuart Sim developing a 3D radiative transfer code for application to Type Ia supernovae in the late (nebular) phase.

*Doctor of Philosophy (Astrophysics)*, Australian National University, 2012–2015

Thesis: '[Neutron-Capture Nucleosynthesis and the Chemical Evolution of Globular Clusters](#)'

Department: Research School of Astronomy & Astrophysics

Primary Supervisor: Amanda Karakas

Advisors: David Yong, Gary Da Costa, John Lattanzio (Monash), Richard Stancliffe (Bonn)

*Bachelor of Science with Honours (First Class)*, Australian National University, 2008–2011

Majors: Astronomy & Astrophysics, Theoretical Physics, Mathematics

Thesis: 'The Sulfur Anomaly in Planetary Nebulae and Post-AGB Stars'

Department: Research School of Astronomy & Astrophysics

Supervisor: Amanda Karakas

*Bachelor of Information Technology*, Queensland University of Technology, 2003–2007

Major: Software Engineering

### Awards and Scholarships

RSAA Alex Rodgers Travelling Scholarship, 2014

Astronomical Society of Australia Travel Assistance, 2014

RSAA Honourable Mention for Best Student Paper Prize, 2013

IAU Travel Grant for IAUS298, 2013

Australian Postgraduate Award, 2012-2015

International Year of Astronomy Honours Scholarship, 2011  
RSAA Summer Research Scholarship, 2010

### Talks and Poster Presentations

Contributed Talk, Supernovae: The Outliers, Garching, Germany, September 2016  
Contributed Talk, RAS National Astronomy Meeting, Nottingham, UK, July 2016  
Contributed Talk, 18th Workshop on Nuclear Astrophysics, Ringberg, Germany, March 2016  
Group Talk at Stars Meeting, Institute of Astronomy, Cambridge, UK, Nov 2015  
Seminar, QUB, Belfast, UK, Oct 2015  
Contributed Talk, ASA AGM, Perth, Australia, July 2015  
Contributed Talk, ANITA Workshop, Canberra, Australia, Feb 2015  
Contributed Talk, Mount Stromlo Student Christmas Seminars, Canberra, Australia, Nov 2014  
Group Talk at Stars Meeting, Institute of Astronomy, Cambridge, UK, Sept 2014  
Poster Presentation, Why Galaxies Care About AGB Stars, Vienna, Austria, July 2014  
Contributed Talk, Nucleosynthesis in AGB Stars, Bad Honnef, Germany, July 2014  
Contributed Talk, Overcoming Great Barriers in Galactic Archaeology II, Palm Cove, Australia, 2014  
Group Talk at Stellar Lunch, ANU RSAA, Australia, August 2013  
Poster Presentation, IAUS298 Setting the Scene for GAIA and LAMOST, Lijiang, China, May 2013  
Poster Presentation, Astronomical Society of Australia Meeting, Sydney, Australia, 2012  
Poster Presentation, Astronomical Society of Australia Meeting, Adelaide, Australia, 2011

### Teaching Experience

*ANU-ASTRO2x Exoplanets* Australian National University  
Jun–Sep 2015

Teaching assistant for edX online course run by Brian Schmidt and Paul Francis on exoplanet search techniques – pulsar timing, radial-velocity variations, transits, microlensing, and direct imaging with adaptive optics.

*ANU-ASTRO1x Greatest Unsolved Mysteries of the Universe,* Australian National University  
Mar–Jun 2015

Teaching assistant for edX online course run by Brian Schmidt and Paul Francis covering the expanding universe, dark energy, dark matter, and gamma-ray bursts.

*ASTR3007 From Stars to Galaxies* Australian National University  
Feb–Jun 2013 and May–Jun 2014

Teaching assistant for the third-year course on stellar evolution & nucleosynthesis, galactic structure & dynamics, and introductory computer programming. Duties included marking assignments and answering student questions in the classroom.

*PHYS1201 Physics 2* Australian National University  
Jul–Nov 2012 and Jul–Nov 2013

Teaching assistant for first-year course covering introductory special relativity, electromagnetism, waves & optics, and thermodynamics. Duties included marking assignments and answering student questions in the classroom.
